what
we're
spilling
today:

Standard vs. Premium

What's Your Vibe?

Option 1: Standard Spaces

For the *“I Just Need a Desk & Decent Coffee”* Folks

For those who believe in keeping it simple but effective and maybe have a mild caffeine dependency.

► **Locations:**

- WorkSpaceCo. CityCentre (4th floor)
- WorkSpaceCo. Home (Vesu)
- WorkSpaceCo. Skyline (Adajan)
- WorkSpaceCo. Rise (Pal)

► **Perks:**

- Flexi desks (because commitment is scary)
- Meeting rooms (for when you need to look busy)
- Cafeteria (a.k.a. the snack sanctuary)

► **Bonus:**

Stay 3+ months and unlock all four locations.

Option 2: Premium Spaces

For the “I Need Aesthetic Vibes & Top-Tier Seating” Crew

For those who appreciate premium seating, premium coffee, and premium everything.

► Locations:

- WorkSpaceCo.+ CityCentre (3rd Floor)
- WorkSpaceCo.+ Townhall (Vesu)

► Perks

- Everything Standard offers plus access to Premium spaces.
- The ability to work from any WorkSpaceCo. location.
- Instant respect when you say, “I work from Townhall Vesu.”

Flexible Desks VS. Dedicated Desks

Choose Your Fighter

The Flexible Desk – For the Nomadic Work Warriors

You float. You explore. You pick new seats based on **vibes, lighting, and proximity to the snack station.**

► *Perks*

- Unlimited desk freedom (but good luck if someone steals your favorite spot).
- No long-term commitment (like situationships, but with chairs).
- Perfect for people looking to network.
- Perfect for people who thrive in chaos or just like switching it up.

The Dedicated Desk – For the “This is MY Desk” Energy

You need stability. You want a **permanent spot where people respect your bubble.**

► *Perks*

- Your own desk (territorial rights included).
- Leave stuff overnight without fear.
- Perfect for deep-focus people (or introverts who pretend to be extroverts).
